Trellis Tomatoes Of High Quality

Auburn — Trills - grown tomatoes are not new in Alabama. And some producers are raising a better quality fruit by using this method.

Cecil Smith of the Chandler Mountain area in St. Clair county planted six acres of Manalucie variety tomatoes last year and 10 acres this year. And Extension Horticultural John Bagby says he followed the trellis method.

The farmer made his trellis by setting posts at 20-foot intervals and running a wire on them about five feet above the ground. He used a length of

balling twine to run from the wire to the base of each tomato plant.

Bagby states that the purpose of trellising is to produce a better quality, cleaner tomato. Trellising also helps prevent rot that develop when the fruit comes in contact with the ground. The specialist adds that this method requires more labor than untended tomatoes but is compensated for by better prices for vine-ripened, good quality fruit.

OSCAR-WINNING SHELLEY SAVES MORE THAN MONEY

As a child, the lap of luxury and I were complete strangers, but that's not how I have always been well acquainted," says Shelly Winters, Academy Award Winning Actress in show business. I put my first earnings as a bit player into a U.S. Savings Bond. When I got under contract to Universal International I discovered the Payroll Savings Plan. Cash a Bond? Never if I can help it! I think too much of my own peace of mind and my country's economic stability. What's more, Bonds are better than ever today. They mature faster, earn 3 1/2%. Buying U.S. Savings Bonds is a safe, profitable investment for every American.

Saturday Deadline To Qualify Nears

Activity in the City Election campaign stepped up this during the past week with three candidates already in the race for Mayor and nine for Councilmen with 8 Tuesday, this week the deadline for qualification of candidates. Citizens not yet qualified to vote will have one more chance Monday, 8 p.m. for the election on Sept. 19, just one month away.

Dorsey B. Roberts, former manager of the Elba Theatre and now owner-operator of a jewelry store, jumped into the mayoralty race against the incumbent, Mayor Herschel C. Taylor, and former mayor, L. P. Mullins.

Serves First Term Mayor Taylor is now completing his first term in that office, the first public office he ever sought except for part-term service as City Councilman. He was born and reared in Elba, is married and has one daughter, Henrietta. He was formerly in the grocery business, is now in the seed and feed business, is a member of the Industrial Development Board, member of the Board of Directors of the Choctawhatchee River Development Assn., Board of Southeast Alabama Gas District, and the Board of Alabama REA. He is a Baptist, Past Master of Elba Lodge, No. 170, F&AM. During his administration a 1 per cent sales tax was self-imposed by the voters for construction of a hospital, a garbage tax imposed to support the schools when a special ad valorem tax on the main receding station in Birmingham will be in effect from 1958 to 1959, and since 1943 has operated a jewelry business. He is a Past President of the Elba Chamber of Commerce, Past Commander of the American Legion, charter member of the Lions Club, now Chief of the Elba Volunteer Fire Department. He is a Mason.

Seek Re-election Qualifiers for Council included three present members seeking re-election.

M. A. DeVane, now serving his second term as Councilman, announced for re-election. He is married and has two children, one in high school and the other in the Marine Corps. He is a Baptist, Past Master of Elba Lodge, No. 170, F&AM, member of the American Legion.

Harry Boswell, member of Council, who has been in the plumbing and electrical contracting business in Elba for 12 years, announced for re-election. He is a life-long resident of Elba, served in the European theatre during World War II, was in the invasion of Normandy and Italy, is a member of the VFW, American Legion, is a Baptist and Mason.

Elmer Taylor, member of City Council, by appointment to fill the unexpired term of Dr. W. M. Johnson, announced for election to a full term. He was born and reared in Elba, attended Elba public schools, holds a B. S. degree from Troy State College and an M. A. from the University of Alabama in education administration and

supervision, taught school in Brevort and Evergreen, and has been a member of the Elba High faculty since 1951. He served three years in the U. S. Army during World War II. He is married and has two children, one in grammar school and one in pre-school age. He is a Baptist.

L. B. Murphy, who is in the furniture business here, made his first bid for public office in announcing for City Council. He was born and reared in Elba, and before entering the furniture business, he operated a grocery store and for 10 years was in the manufacturing of Elba High School and attended Auburn, is a Past President of the Elba Chamber of Commerce, member of the Industrial Development Board, member of the Board of Directors of the Choctawhatchee River Development Assn., Board of Southeast Alabama Gas District, and the Board of Alabama REA. "These trails would shake the cab off an ordinary truck...but not our Chevy"

Four trucks are subjected to the body-cracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day... make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

That 6-cylinder engine really performs," says Bobby Fox. "It's got the lagging power we need in the woods and walks right along with a full load on the highway."

"THE FUTURE WE STUDY AND PLAN FOR BEGINS TODAY"

Every thinking person knows their future will be happier if good health is present.

Modern medical practice is so perfected that a careful examination by a physician can usually reveal any present or accumulating future trouble. New drugs are able to lessen mental and cardiac tensions. Vitamins and hormones, properly prescribed by a physician, can help your body gain the energy needed to fight invading disease. Plan today for a healthier future by resolving to regularly visit your physician for health examinations.

The

MEDALLION HOME

A NEW IDEA IN BETTER LIVING!

THE COORDINATED MEDALLION HOME PROGRAM, sponsored jointly by 10 power distributors in South Alabama, is designed to help you enjoy better living... electrically.

The MEDALLION AWARD was created by the electric utilities as a public service. It protects you from living in or buying a new home that's electrically old-fashioned; that has inadequate wiring, or too few and poorly placed outlets and switches, and insufficient lighting.

When a new home meets MEDALLION standards, (only one new home in five is built well enough to qualify) you can live in or buy it with confidence.

THE BRONZE OR GOLD MEDALLION which identifies all MEDALLION HOMES, is truly a work of distinction for today's homes.

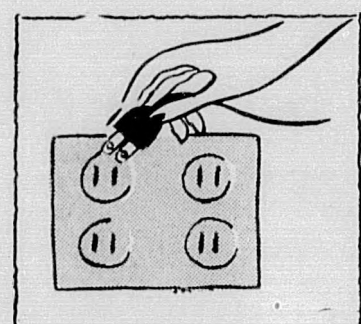

THE MEDALLION HOME OFFERS YOU THESE ADVANTAGES:

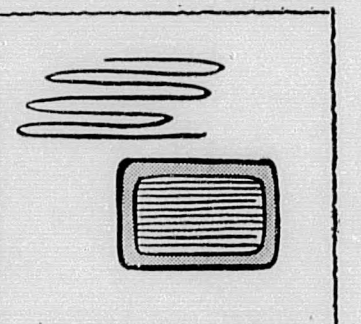

1. AN ALLELECTRIC KITCHEN—what every woman wants in her new home. (Builders report that women, WHEN GIVEN A CHOICE, choose the electric kitchen 9 to 1.)

2. PROVISIONS FOR PROPER LIGHTING in all areas where it's needed to insure your family's safety and comfort. Lighting that is both decorative and functional.

3. PLENTY OF "HOUSEPOWER"—modern wiring to handle today's appliances. (The average family now owns 40 electric appliances and will add more in the future.)

4. ELECTRIC HOME HEATING and cooling for year-round comfort control at lowest cost.

Your local power distributor can give you information about how your home can be made to qualify as a MEDALLION HOME, and how you can receive free, a distinctive bronze or gold medallion for mounting on your home.

This program is sponsored by ALABAMA ELECTRIC COOPERATIVE, Andalusia, Alabama, supplier of wholesale electric power for the following co-sponsoring local distributors. See them for full details.

Are You
Risking Ruin
With Inadequate
Business
Insurance?

You're safer... better protected... when you buy your insurance through an independent insurance agent because only an independent insurance agent can make sure all your insurable risks are covered.

No single company can do this. No one company offers every type of business insurance. When you buy directly from an insurance company, you'll hear only about the policy the company wants to sell you.

As independent insurance agents, we are free to choose the best insurance for your business from hundreds of policies offered by different

competing companies. We will supervise a complete analysis of all your business exposures, prevent wasteful overlapping of insurance coverage, recommend additional protection where needed, and see that your business insurance is kept up-to-date.

You can be sure your business has the right insurance coverage when you insure through an independent insurance agent. Look for this Big "I" Seal when you buy. To display it, we have had to meet professional standards designed to protect you.

Cotton Marketing
Cards In Mail To
Growers In Coffee

Colored marketing cards will help facilitate the handling of 1960 crop cotton this year, according to Lester Gunter, Chairman of the County Agricultural Stabilization and Conservation Committee. The cards are now being mailed to growers in Coffee county by the county ASC Office. Their use is required in either selling the cotton or obtaining Price Support.

While marketing cards have been used in past years to identify the cotton produced on a particular farm, the Chairman explains, this will be the first time in recent years that the color of the card will help to indicate the status of the crop. No card will be issued to a farm operator until after payment of the marketing penalty if one is due.

A green marketing card this year will indicate that the Choice (A) cotton was grown in compliance with the farm's acreage allotment and therefore is eligible for sale without payment of a marketing quota penalty. It will also show that the crop is eligible for price support. A white card will indicate the same information for Choice (B) cotton.

A red card on the other hand will indicate whether the cotton was produced on a Choice (A) or Choice (B) allotment farm and that (1) some conditions are attached to the producer's eligibility for price support (such as an unpaid Government debt remaining on the County Office debt record), or (2) the producer is not eligible for price support because of noncompliance with the farm's cotton acreage allotment.

As in 1959, the 1960 crop cotton grown in compliance with a farm's Choice (A) allotment will be eligible for purchase by the Community Credit Corporation, either through a local purchasing agency approved by CCC or direct by the CCC office at 120 Main St., New Orleans 16, La. The local Choice (A) 1960 crop support is 27.15 cents per pound basis Middling inch cotton.
